

## LOTT Field Trip Alternate Assignment

If you missed our field trip, complete the following assignment by Friday 10/30.

You may use the LOTT Brochure found in the classroom or the LOTT homepage found at:  
<http://www.lottonline.org/plant.htm>

Your task is to create a mind map (see class website “Resource” link for a picture example and a link at the bottom of the page for further instructions) or a visual flowchart that illustrates the water treatment process.

Tell us: what is “LOTT” and acronym for?

How much water flows through the treatment plant daily?

Provide 3 facts about the facility and/or water treatment process that is not on your mind map.

Create your treatment cycle on a large sheet of paper. Use color!

Example:
