

National PTA Theme Search Reflections Program 2010 -2011

Five (5) themes will be selected to go to the National level. The five themes (entries) will be selected in November and recognized at the New York State PTA Convention 2008

The NYS PTA Reflections Program has a huge participation of children in its theme search for a Reflections Program in the future. Each year the number of theme entries gets bigger and better! Much creativity is put forth for this endeavor. The students with the winning theme picked at the National level will receive \$100 and recognition at The National PTA Convention in June 2008.
