Assembly: Select the colored cover or the black and white cover. Print enough for a small group. Cut out the pages, leaving an equal margin on the left side to allow for binding.

Use: Do a picture walk with the group, allowing the children to name the pictures. Read through the book once, modeling correct finger pointing for 1:1 reading. Hand out copies for each child. Let them read it through on their own several times, fill in the last page, and then give them time to color the pictures. Store books in student boxes or baskets for familiar reading.

Please include the clip art source page when you assemble the books in order to honor the rights of the creators.
