

Common Clichés

Avoid like the plague
Beat around the bush
Been there. Done that.
Bite the bullet
Calm before the storm
Dead as a doornail
Get down to brass tacks
Hit the nail on the head
Hope springs eternal
In-your-face
Lady Luck
Last but not least
Light as a feather
Milk of human kindness
Raining cats and dogs
Selling like hotcakes
White as a sheet
With bated breath
