You have indicated that you are interested in enrolling in a college course while a high school student. The State of Colorado provides several options for high school students who meet high school standards to begin college early. The purpose of these options include promoting content standards, providing academic challenges, and providing access to academic courses that may not be available at a local high school to meet high school graduation requirements.

Persons under twenty-one years of age, enrolled in the 9th - 12th grade in a school district, who demonstrate academic preparedness, are eligible for concurrent enrollment programs. Students enrolled in 12th grade at a school district may enroll in remedial courses, if approved by the school district. If a high school student is retained for instructional purposes in the 12th grade, they may not enroll in more than 9 credits concurrently during the repeat year. To enroll at an eligible post-secondary institution a student must have completed the minimum course prerequisites and all required assessments.
