PTA Meeting Results

February 10, 2009

- *The school requested* and the Board approved \$250 to cover half the expenses for the school's basketball team. The remaining half was covered by a grant.
- *The school requested* that the Board consider funding half of the school's counselor program in school year 2009 -2010. This program provides counseling information, education and consultation to students, parents, faculty, and school personnel. While the program is funded through this year, half of the funding will not be available next year. And, although this Board can not approve funding for next year, the Board has agreed to review the request and make a recommendation to the next Board. Go to www.millardpta.com for more information.
- The PTA President asked current board members to declare their intentions to hold office in a continuing or new capacity. The results were very encouraging as many intend to continue working in a leadership role. And, there is still room for more people to step up!
- Nominations Committee Formed: The committee members are Ms. Creps, (Teacher), Shannon Kilgariff (Parent) and Laurie Renish. Room for two more (most be 3 or 5 to avoid voting tie) if you are interested in helping with the talent search email millard_pres@yahoo.com.
