- Pre-registration fee - \$10 (per family or individual) - - \$15 at the door
- Resource information about gifted parenting materials and community events in the tri-county area - - available for purchase will be books by our keynote speaker
- **KEYNOTE SPEAKER – Dr. Sylvia Rimm – “Keys to Parenting the Gifted Child”**
 - Dr. Rimm will share the foundational principles of smart parenting for gifted children which she provides to parents at Family Achievement Clinic, and on television and radio, and in her parenting books and columns. Adult-like vocabulary, unique thinking, and intense emotions establish special opportunities and some special risks for gifted children. Perfectionism, verbosity, overempowerment, and underachievement are some of the issues that parents and teachers of gifted children struggle with. Dr. Rimm will also include helping gifted children cope with competition, personal and peer pressures, how to encourage them to love learning, and how to help them build sensitivity, resilience, humility, and confidence.
- **Speaker from the parent division of Ohio Association for Gifted on advocacy for giftedness**
- **Breakout sessions on how to talk to your child’s teacher, social emotional issues, how gifted characteristics cause problems in the classroom and career and college planning for gifted high school students and their parents.**
