Dear Mrs. Yollis' Class,

I loved the arrays. I never knew that rows and columns were called that. Thanks for sharing!

Your friend,
Susie

Dear Sean, Jonah, Lexi, Taylor, and Alasia,

I really liked your sculpture.

Sincerely,
Kelly Smith

Dear , Matthew and Shane your money post was very good. I learned a lot from reading about it. I never knew what obverse meant! Your friend, Bob

Dear Bethany,

Your sculpture helped me understand all about the water cycle. Do you ever get thunder and lightning in your area?

Yours truly,
Mrs. White
AZ

Dear Mrs. White,

No, we do not typically get electrical storms where we live. Thanks for asking and for commenting!

Sincerely,
Bethany

Dear Mrs. Yollis' Class, You are tremendous writers! I wish my eighth grade students could write as well as you do! Keep up the good work! From, Stuart Little
